

## IGRA CERTIFIED OFFICIALS CODE OF ETHICAL AND PROFESSIONAL CONDUCT

As a representative of the IGRA and rodeo, it is important while in my role as a certified official I ensure equal opportunity and fair play for all participants. I have the responsibility to know the rules and common practices of my area.

While serving as a certified official, I am committed to creating a positive environment and an impartial attitude during the rodeo. All decisions will be based on the rules of rodeo without prejudice and/or bias and with respect to all participants regardless of my own personal perceptions or opinions.

It is inappropriate to request reimbursement/payment for extra voluntary costs, e.g., “early bird check-in,” etc.

It is unethical and inappropriate to accept/receive reimbursement/payment for travel or other expenses more than one (1) time for the same expense.

I will serve the organization with honesty and integrity.

I understand that violation of these principles may lead to disciplinary action.
