

ADDENDUM TO AGRA 2020 RODEO APPLICATION

Michael Weidmann, Assistant Rodeo Director, and I met with Alex Corona at the Corona Ranch and Rodeo Grounds on Friday – June 21, 2019 to discuss the arena conditions – specifically the arena floor/dirt.

Alex has committed that the arena floor/dirt will be a minimum of 8 inches in depth, including the center of the arena, so there is no hard pan.

Also, the arena will be adequately watered. And, it will be watered anytime when requested by the Arena Director.

Ron Trusley
Rodeo Director
